

From our Seminarian Dustin Collins

My second semester at Saint Meinrad School of Theology is underway; and I am taking classes in New Testament, Pastoral Counseling, Medieval Church History, and Christian Anthropology. This semester we will begin our apostolic assignments; and I will work in Evansville, Indiana, helping people who are interested in earning their GED. On the 10th of this month, I will be installed as a lector here at Saint Meinrad, which will allow me to read at liturgical functions.

Before the semester started, I got the opportunity to attend the March for Life in Washington, DC. It truly is a powerful event to take part in, and it is wonderful to see so many young people show their love and support for a culture of life instead of one of death. The days following the March, we visited some of the sites of our nation's capital and spent one day in Baltimore, Maryland, to visit the Shrine of Elizabeth Ann Seton and the Basilica.

Growing in Faith Together Campaign

By Sandy Konieczny

Here we are, almost eight months into the 2nd Phase of the Growing in Faith Together Campaign. Who would have guessed eight months ago how different things would be today? A changing, challenging economy certainly doesn't make our mission any easier. I am sure that no one is spared from feeling the pinch; rendering faith, perseverance, and prayer even more essential to fulfilling our mission!

Thank you to those who have joined in the opportunity to enhance the future of our parish. If you have not already joined in – it is never too late!! Please search your heart - gifts of time, talent, and treasure are eagerly and enthusiastically accepted!! To date the GiFT campaign has received pledges totaling \$126,857 toward the \$300,000 Phase II goal. We may not be there yet, but we are closer than we were yesterday. With everyone's "YES WE CAN!" attitude, one day we will be able to say YES WE DID!
